**Biobanking: Blue Sky Horizons** 

Annual Conference 2022

## ABNA 2022 Biobanking: Blue Sky Horizons Programme

WEDNESDAY 19 <sup>th</sup> October		
ABNA Executive/COC Meeting		
11:00 onwards	Conference Registration	
	Poster Hanging	
Opening and Ke	ynote address	
Room: Preston		
	Cassandra Griffin	
12:00 – 12:30	Conference Opening	
	- Welcome to Country: Olman Walley	
	- Welcome from ABNA President	
12:30 – 1:15	Keynote Speaker 1 – Professor Dominic Mallon	
	How biobanks have transformed my understanding of disease; left us	
	better prepared to understand the Western Australian covid-19	
	pandemic; and a proposed framework of how clinical researchers may	
	engage future biobank services in Western Australia	
4.45 2.00		
1:15 – 2:00	Debate 1 – Industry collaborators: From Foe to Friend	
	Affirmative: Dr Jugnu Jain	
	Negative: Professor Georgina Hold	
2:00 - 2:30	Afternoon tea	
Workshop Sessi	on 1	
Room: Preston		
Facilitator: Sam		
2:30 - 4:00	Workshop 1 – Accreditation Seminar 4	
	Climbing the Accreditation Spiral Staircase	
SESSION 1 Aqua	marine Horizon: Aquatic biobanking	
<b>Room: Preston</b>		
Session Chair: G	eorget Reaiche-Miller	
4:00 - 4:30	Professor Simon Jarman	
	Biobanking in Environmental Genomics	
4:30 - 5:00	Dr Greta Frankham (live virtual presentation)	
	ShellBank: Development of a DNA Database and forensic toolkit to trace	
	the illegal Tortoiseshell Trade	
5:00 – 5:15	Gold Sponsor presentation: Lisa Simmons Bio-Strategy/Hamilton	
	Storage	
	Fast freezing and temporary storage	
SPONSOR COCKTAIL MIXER & POSTER ELEVATOR PITCH		
1. Amanda Rush – Costs and publication outputs of an academic cancer biobank		
cohort		
<ol> <li>Kim Powell – A population-wide, representative pregnancy and childhood biobank in Victoria, Australia</li> </ol>		

**Biobanking: Blue Sky Horizons** 

- 3. **Dan Catchpole** A Demonstration of Immersive Analytics of Biospecimen Derived Data: Introducing Virtual Reality for the Observation of Oncology Models (VROOM)
- 4. Jennie Hui Using archived serum samples to understand historical human exposure trends of Per- and poly-fluoroalkyl substances (PFASs)

THURSDAY 20 <sup>th</sup> October			
08:00 onwards	Conference Registration		
9:00 SESSION 2	Concurrent workshop 2 and 3		
Workshop 2 (Bu	Workshop 2 (Burney)		
Workshop 3 (Cu	llver)		
9:00 - 10:00	Workshop 2 – Cornell Veterinary Bank		
	How to dress your biobank for success!		
9:00 - 10:00	Workshop 3 – University of Adelaide, DivSeek, Victorian Cancer Bank		
	Data management and Governance		
10.00.10.20			
10:00-10:30	Morning Tea/Corporate Sponsor Exhibits/Poster Viewing ESSION 3 Cobalt Horizon: Donors and Beneficiaries		
	assandra Griffin		
10:30 – 11:00	Professor Lyn Griffiths		
10.50 - 11.00	Developing a DNA Biobank to aid in identifying recovered historical		
	military remains		
11:00 - 11:30	Dr Raylene Endersby and Dr Jessica Buck		
11.00 11.50	The Telethon Kids Cancer Centre biobank		
11:30 - 12:00			
11.50 - 12.00	Panel Discussion with invited consumer representative Ms Margaret		
	Wood		
12:00 - 12:45	Lunch and Poster Judging		
	SION 4 Midnight Horizon: Challenging Ideas Catherine Kennedy		
12:45 – 1:30	Debate 2: Consent – one model fits all?		
12.45 - 1.50	Affirmative: Dr Craig Willers		
	Negative: Dr Amanda Rush		
	Negative. Di Amanda Nash		
1:30 - 2:00	Dr Claire Madden		
	Tissue Sample Collection in Veterinary Conservation Medicine		
2:00 - 2:30	Dr Gail Alvares		
	The Australian Autism Biobank – a national initiative to accelerate		
	autism discovery science		
2:30 - 3:00			
2:30 - 3:00	autism discovery science		
2:30 - 3:00	autism discovery science		
2:30 - 3:00	autism discovery science         Rapid Fire Presentations         Albert Chetcuti – An online biobank catalogue: A valuable tool for		
2:30 - 3:00	autism discovery science Rapid Fire Presentations		
2:30 - 3:00	autism discovery scienceRapid Fire PresentationsAlbert Chetcuti – An online biobank catalogue: A valuable tool for Researchers looking for Biospecimens of Interest.		
2:30 - 3:00	autism discovery scienceRapid Fire PresentationsAlbert Chetcuti – An online biobank catalogue: A valuable tool for Researchers looking for Biospecimens of Interest.Georget Reaiche-Miller – A centralised facility designed to futureproof

3:25 – 5:30 SESSION 5 Sapphire Horizon: Precious Resources Session Chair: Anusha Hettiaratchi		
3:25 – 3:55	Dr Ronny Baber	
	From population-based towards healthcare integrated biobanking - the	
2.55 4.25	journey of the Leipzig Medical Biobank	
3:55 – 4:25	Ms Julie Hibbert	
	Tiny Babies: Challenges and Opportunities for Biospecimen Collection from Very Pre-term Infants	
4:25 - 4:40	Platinum Sponsor – Wilfredo Marin Thermofisher.	
	Building up your Biobank: Modern approach to protecting sample value	
4:40 - 5:10	Rapid fire presentations	
	Alice Rykers – Finding Our Place	
	<b>Leanne Wallace</b> – Enabling System Genomics Strategies in Biobanking - "getting our sample's worth"	
	Yeukai Mangwiro – Precious Resources in Biobanking: Breast Milk and Stool Collection for the Largest Birth Cohort in Australia	
5:10 - 5:30	ABNA AGM	
CONFERENCE DINNER 18:30 onwards		

FRIDAY 21 <sup>th</sup> October		
08:00 onwards	Conference Registration	
9:00 – 10:10 SES	SION 6 Peacock Horizon: Veterinary Biobanking	
Session Chair: L	ouise Ludlow	
09:00 - 9:30	Dr Lara Moutham	
	Purpose, Partnership and Possibilities - The Dog Aging Project Biobank	
09:30 - 10:00	Dr Lachlan Howell	
	Arguments for the development of assisted reproductive technologies and biobanking in the iconic and imperilled koala	
10:00 - 10:10	Sponsor Presentation – Srikanth Adiga (CEO OpenSpecimen)	
	OpenSpecimen Biobanking LIMS - Worldwide implementation	
	experience	
10:10-10:30	Morning Tea	
10:30 – 12:15 SI	ESSION 7 Cornflower Horizon: Agricultural and Biodiversity	
	atherine Kennedy	
10:30 - 11:00	Dr David Merritt	
	Seed banking for the conservation of plant biodiversity	
11:00 - 11:30	Dr Alan Humphries	
	Conservation of Pasture Seeds at the Australian Pastures Genebank	
11:30 - 12:00	Dr Jonathan Daly (live virtual)	
	Securing coral reef biodiversity with cryopreservation and biobanking	
12:00 - 12:30	Ms Samantha Higgins	
	Introduction to ISBER Tools and Resources	
12:30 - 1:00	Speed date with speakers (sign up required)	
1:00 - 1:30	Lunch/Corporate Sponsor Exhibits/Poster Viewing	
1:30 – 3:15 SESS	SION 8 Aegean Horizon: Biobanking and Innovation	
Session Chair: J	ennie Hui	
1:30 - 2:00	Professor Lyle Palmer	
	The Biospecimen and Data Linkage Resource (BIOLINKeR)	
2:00 - 2:30	Professor Paul Kennedy	
	Cross-disciplinary approaches to analysing biomedical data	
2:30 – 2:50	Rapid Fire Presentations	
	Daniel Catchpoole – From Storage to Service: Recognising When Big	
	Change Is Required	
	Anjali Henders – Pivoting in a Pandemic – New Methods of Engagement	
2:50 - 3:00	Dr Anusha Hettiaratchi	
	Mapping A Sunburnt Country: An Australasian National Biospecimen	
	Locator	
3:00 - 3:30	Afternoon Tea	
3:30 – 4:30pm S	ESSION 9 Cyan Horizon: Looking inward – Biospecimen Research Network	
Session Chair: N		

Biobanking: Blue Sky Horizons

3:30 - 3:40	Cassandra Griffin – Understanding the Perceived Value of Post-Mortem
	Brain Donation for Research
3:40 - 3:50	Emma Daziell – Predicting Seed Lifespan for the Improved Curation of
	Conservation Seed Banks
3:50 - 4:00	Louise Ludlow – Using Video Media as an Information and Consent Tool
4:00-4:10	Bryn Funnekotter – Biobanking Threatened Plant Species:
	Understanding the Stresses of Cryopreservation for Long-Term
	Conservation.
4:10 - 4:25	Presentations and Prizes
4:25 - 4:30	Meeting Close
